

VOCATIONAL STREAM EXAMINATIONS CONDUCTED BY VARIOUS INDIAN BOARDS AND ITS EQUIVALENCE

“AIU is not involved in the Equivalence of qualifications in vocational stream and non-degree qualifications such as proficiency, certificate or diploma level examination conducted either by universities or by non-university level bodies except the Diploma in Engineering (Para 31)”.

As regards, the School level qualifications, Para 35 already states that “Certificates awarded by such Boards, that are affiliated to the Council of the Boards of School Education (COBSE) for the purpose of equivalence are equated with the corresponding examination conducted by the CBSE”.

By way of clarification, it may be indicated that the Certificates awarded by School Board may also include Vocational Stream Examinations.

With the adoption of the revised Policy, the earlier Policy of providing equivalence to the Certificates awarded by the different Boards on case to case basis, have been discontinued.
