

Dear Colleagues / Friends,

It gives us immense pleasure to invite you to the National program on “**From digital learners to digital educators: Artificial Intelligence as a catalyst for excellence in HEI’s**” which will be held online from **25th to 29th May 2026**, organized by the Association of Indian Universities, KAHER-Academic and Administrative Development Centre (AIU-KAHER AADC).

This program is thoughtfully designed to equip educators with contemporary knowledge, digital competencies, and practical skills essential for adapting to the rapidly evolving educational landscape. The workshop will feature insightful sessions on AI-driven teaching-learning strategies, understanding Gen Z learners, technology-integrated classrooms, gamification in education, AI-assisted research, academic writing, and the ethical use of Artificial Intelligence in higher education. The program aims to empower participants to become future-ready educators capable of enhancing student engagement, research quality, innovation, and academic excellence through the responsible and effective integration of AI. Delegates will benefit from expert interactions, hands-on learning experiences, collaborative discussions, and exposure to emerging educational technologies.

We warmly welcome your participation in this enriching program and encourage you to nominate faculty members and colleagues to take advantage of this valuable opportunity for transforming digital learners into digital educators and fostering excellence in Higher Educational Institutions (HEIs).

Prof. Dr. Sandeep Shrivastava Hon'ble Vice-Chancellor, KAHER, Belagavi.	Dr. V. M. Pattanshetti Registrar, KAHER, Belagavi.
Dr. Sunita Y Patil Director, UDEHP & Nodal Officer, AIU-KAHER AADC, Belagavi	Dr. Anupama M. G. Coordinator AIU- KAHER AADC, Belagavi

Objectives:

1. To familiarize participants with the role of Artificial Intelligence in transforming teaching, learning, research, and academic administration in Higher Educational Institutions (HEIs).
2. To enhance understanding of Gen Z learners' digital knowledge, learning styles, and expectations for effective technology-integrated pedagogy.
3. To train educators in innovative teaching-learning strategies such as, gamification, and social media-enabled learning platforms.
4. To develop competencies in the use of AI tools for research activities including literature review, reference management, research design, data analysis, and academic writing.
5. To promote ethical and responsible use of AI in education and research by addressing academic integrity, plagiarism prevention, and awareness of predatory publishing practices.
